Summary

Motivated Computer Science undergraduate with hands-on experience building full-stack web applications using the MERN stack, REST APIs, and AI-integrated tools. Proficient in Java and python with a strong foundation in Data Structures and Algorithms. Passionate about developing scalable, user-focused software solutions and continuously expanding expertise in modern backend and frontend technologies.

Education

Geethanjali College of Engineering and Technology, Hyderabad

Oct 2022 – Present

Bachelor of Technology in Computer Science and Engineering

GPA: 7.6

MJPTBC Welfare Junior College, Nagarjuna Sagar

Jun 2020 – Mar 2022

Intermediate (MPC)

Percentage: 95%

Technical Skills

- **Programming Languages:** C, Java, Python,
- **Frontend:** HTML, CSS, JavaScript, React.js
- **Backend:** Node.js, Express.js
- **Databases:** MongoDB, MySQL
- **Tools:** Git, GitHub, VS Code, Vercel
- **Concepts:** Data Structures and Algorithms, OOP, DBMS

Certifications

- Deloitte Data Analytics Virtual Experience Program (Forage) *Jul 2025*
- IBM Python for Data Science Certification *Jun 2025*
- Oracle Certified – Java *Sep 2024*

Projects

EcoTrace – QR-Based Product Transparency System

January 2026

- Developed a QR-based web application for product traceability and sustainability tracking.
- Designed backend modules for lifecycle management, batch tracking, and QR-data mapping.
- Implemented centralized storage for sustainability metrics with secure data retrieval APIs.
- Enabled real-time consumer access to supply chain information via QR scanning.

Restaurant Reservation System (MERN Stack)

May 2025

- Developed a full-stack reservation system using MongoDB, Express, React, and Node.js.
- Implemented JWT-based authentication and role-based Admin Dashboard.
- Designed RESTful APIs with CRUD operations and real-time reservation validation.
- Built a responsive UI with secure backend integration and MongoDB database management.

Activities

- **Competitive Programming:** Solved 200+ DSA problems on LeetCode, HackerRank, and Codeforces using Java.
